

# SLICED BREAD INNOVATION FAIR

**DUE: MON JUNE 24 | DISPLAYED ALL WEEK**

## *Calling Future Innovators*

Does your child know the greatest thing since sliced bread? It could be an invention or innovation. But we'd like to hear about it!

There are four judging criteria:

1. Written Statement
2. Presentation Display
3. 3-Dimensional Model
4. Probability of Concept

## *...Since Sliced Bread*

Maybe your child knows how to clean up our oceans, or has a cool new tech design. We want to hear about it! Each entry is judged according to age and probability. We know they won't have millions of dollars to make their project work, but we want to see their gears turning!

## *Win Scholarship Money*

Three age categories:

1. Tiny Innovators, aged 4-8, win \$100
2. Junior Innovators, aged 9-13, win \$150
3. Senior Innovators, aged 14-18, win \$250

See official rules online for how to enter!

Projects and write-ups are due Monday, June 24.

Winners are announced Saturday, June 29.
